

Asistent / Výskumník

Uchádzača overíme na vašu žiadosť

Očakávaná mzda: **1 800 €**

Cena: **2 160 € bez DPH**

Preferovaná pracovná pozícia

Asistent / Researcher

Preferovaná lokalita

Okres Austria

Jazyky

Indonézsky - Expert (C2)

Anglicky - Pokročilý (C1)

Nemecky - Začiatočník (A2)

Zručnosti

C - Pokročilý, Catia - Pokročilý, Python - Pokročilý, MatLab - Pokročilý, ANSYS - Pokročilý

Pracovné skúsenosti / Work experiences

04/2018 - trvá

Researcher / PhD programe

- » modeling and simulation of the various Mechanical Process involved by using Ansys Software
- » matlab programming for finding out the Mechanical Properties during the Tensile Test and Fatigue test
- » microstructure and EDS analysis on Iron base Powder on SEM (Scanning Electron Microscope)

06/2017 - 08/2017

Assistant

- » looking after printing of 3D parts, specially the car bumper parts, 3D scanning of complicated objects by using GOM inspect
- » comparing and evaluating the results with CAD
- » drawing and smoothening of the geometry by using tools such as closed holes in GOM inspect software and finally, by using CATIA software to bridge the gaps

04/2012 - 04/2015

Maintenance, Operation & Design Engineer

07/2008 - 10/2011

Commission and Process Engineer

Vzdelanie / Education

2016 - 2018

Fakulta aplikovanej mechaniky a mechatroniky

Automobilový priemysel

2007 - 2008

Marine engineering

2003 - 2007

Mechanical Engineering
