

Calculate Design Engineer

Uchádzača overíme na vašu žiadosť

Očakávaná mzda: **1 500 €**

Cena: **1 800 € bez DPH**

Preferovaná pracovná pozícia

Inžinier údržby

Mechanik

Konštruktér

Dizajnér

Preferovaná lokalita

Slovenská republika

Jazyky

Anglicky - Pokročilý (C1)

Česky - Úplný začiatok (A1)

Zručnosti

AutoCAD - Pokročilý, Autodesk Inventor - Pokročilý, Catia - Pokročilý, Microsoft Office - Pokročilý, ANSYS - Základy

Pracovné skúsenosti / Work experiences

09/2019 - present

Calculate Design Engineer

Zameranie spoločnosti:

Production, trade and services

- » Calculation and design of pressure vessels ie., boilers, heat exchangers etc.
- » Designer in Research and Development team for increase in efficiency of the products by the company

06/2015 - 06/2015

Zameranie spoločnosti:

Airport

- » training program in Air Traffic Control operations
- » training program in monitoring and control operations of the airport unit
- » training program in monitoring of security and surveillance systems

06/2016

Zameranie spoločnosti:

Services

- » training program covering familiarization of Micro-light aircrafts Assisted the designing team by taking part in the development of cookware.
- » training program propeller design and manufacture division.

Vzdelanie / Education

09/2017– 07/2019

Master's degree in Energy Engineering (MechanicalEngineering)

Course Material: Heat and Mass Transfer, Combustion Equipment, Robotics, Nuclear Energy, Modeling of Fluid Flow with Heat Transfer, Compressor Fans and Pumps, Rotation Electrical Machines, Air Protection in Industry

08/2012–05/2016

Bachelor's degree in AerospaceEngineering

Course Material: Aerodynamics, Space Dynamics, Heat and Mass Transfer, Applied Dynamics, Avionics, Propulsion, Fluid Dynamics, Rotor Dynamics, Aircraft engine systems, Finite Element Analysis

Unspecified

Course: **An ISO 9001: 2015 certification on CATIA V5**

Unspecified

Course: **An ISO 9001 BUREAU VERITAS certification**
